

The concept and rule:

- 1 section (div.section) per day (div.day)
- The title of the day (div.day h2 title) isn't used
- div.body is used for the shadow of div.section
- The title of the section (div.section h3 title) is used for the title of the day instead
- h4 can be used for each item

div.day

2017-XX-XX [h2 ==> none]

`div.body [border-left, top ==> none, border-bottom, right ==> solid 2px #e5e5s5]`

div.section [border-left, top, bottom, right ==> solid 1px #808080]

h3 [border-left, top, right ==> none, border-bottom: dashed 1x #808080]

h3
